JumiaPay

Quick overview

- **Amount:** N1.000 - N100.000
- **Term:** 30 days

The screenshot shows the JumiaPay website interface. At the top is a blue navigation bar with the JumiaPay logo, links for BUSINESS, TRANSACTIONS, and ACCOUNT, and a SIGN IN button. The main content area is divided into two columns. The left column is titled 'Loans' and contains a button 'Get a loan' and a 'CONTINUE TO PAY' button. The right column is titled 'Personal loans' and features a dollar sign icon and text stating that JumiaPay offers easy access to instant micro-loans, available only through the Android app. Below these columns, there is a section titled 'Get an instant loan with no collateral, no stress and no delay.' followed by a note that loans are only available through the JumiaPay Android app. A 'How to apply for a loan:' section lists five steps: 1. Visit the JumiaPay Android app (or download it), 2. Scroll to the 'Financial Services' section and click 'Loans', 3. Provide all requested information, 4. Approval takes a few minutes and an email request for details is sent, and 5. Once details are provided, the loan is paid instantly. A 'Why should you take a loan on JumiaPay?' section lists benefits: easy application, quick approval, no collateral, low interest rates, easy repayment, and bigger loans with lower rates on subsequent loans.

A representative example

Loan amount N100.000 borrowed and fully repaid after 30 days. Total

amount payable = N103.500. The fee would be N3.500.
